HERE IS A REAL BARGAIN FOR YOU IN CHOICE IRIS ! ! !

It is one of the most unusual offers I have ever made, consisting of five groups of extra choice varieties that follow each other in bloom, giving an unusually long flowering season from spring to fall.

5 SUCCESSIVE BLOOMING MINIATURE GEMS—

including Sound Money, rich yellow, which flowers twice a year, early spring and fall; Curiosity, one of the most fragrant, as well as one of the quaintest colored Iris grown, a green and violet blend; Mons. Steichen, a porcelain-like white, with wine red zone; Fairy, a lovely soft sky blue; and Negus, rich purple.

5 POGOCYCLUS HYBRIDS—As different from other Iris as though they were from another planet, including Wm. Mohr, highest rated of all; Dorak, rich violet bicolor; Lady Lilford, darkest of all; Zwanenburg, silky textured old gold, splashed maroon; Ib-Pall, huge, ruffled lilac and violet beauty.

5 EARLY ARISTOCRATS—flowering two weeks ahead of other Tall Bearded Iris; Ammon, beautiful early sky blue; Cosette, best early white; Carnelian, best early red; Golden Bow, best early yellow, much like California Gold; Kochinette, best early rich purple.

5 TALL BEARDED IRIS—following the above groups in bloom, including Thais, extra fine pink; Talisman, colors of the world famous Talisman rose; Ronda, a real Five-Star red tone; Guyasuta, finest purple, and Mary Geddes, recent Dykes Medal winner.

5 AUTUMN FLOWERING IRIS—Flower in May and again in Autumn, thus completing the summer's bloom, including Super Autumn King, a fine blue-purple; Black Magic, intense deep blue-violet and finest of all fall bloomers; September Skies, brilliant purple; Ultra, ultramarine blue and violet bicolor; White Autumn King, pure snowy white.
